# MOHAMED AHMED AYAD

## BACKEND DEVELOPER

I am a dedicated software engineer with a bachelor's degree in computer science from the Faculty of Computers and Information, Helwan University. I have substantial experience in backend development, having worked with two different companies. My expertise includes PHP, Laravel, Bootstrap, HTML, CSS, JavaScript, databases, OOP, MVC design patterns, and algorithms. Additionally, I have successfully completed numerous freelance projects, which have further enhanced my skills and adaptability in backend development.
